RE: Sanitary Landfill Company (IWD) Site

Dear Ms. Mancos:

In response to your request for information, we are forwarding copies of all letters, inspection reports, operational logs, and other pertinent information from our agency's files.

As a public health agency, our association with the site was as an inspectional nature and not as a firm doing business (disposal) with the site. Specific points addressed by your letter are not applicable, however they will be addressed below:

1. All inspectional documents and correspondence related to the site are enclosed. None of the documents are of a business nature related to solid waste disposal activities by the Health District. Rather they are of an inspectional and regulatory nature on our part.

2-8 The agency transported no waste material to the site.

I hope the information is useful. If you have questions call me at (513) 225-5921.

Respectfully,

Mark A. Case
